Portfolio Website

Web Development Work, *A showcase of my projects and my abilities* ⬈

Work History Projects

June 2022	**website designer - developer,** *Web Design Company's Website - Web Craft Station* ⬈ Designed, created, and launched this 53-page all-device fully responsive website. While developing this custom website design, I designed a modern, easy-to-use, and industry-appropriate user interface created to instantly communicate with potential clients. Developed a custom-built portfolio of 3 individual projects linking to this website.
September 2021	**website designer - developer,** *Affiliate Marketing Website - Supplement Insights* ⬈ Built an Amazon eCommerce affiliate 454-page site and blog with WordPress. Linking 1000+ products, and installing plugins for forms, and analytics to track visits and sales. Designed logos and mockups, developed web pages, created custom widgets, bugs resolution and application migration, image and content optimization and so on.
November 2020	**website designer - developer,** *Website for a Provider of Translation Services - Leeds Translations* ⬈ While building this 72-page website, I made a brand new, fully responsive web design layout. Designed, developed, and tested CSS3, HTML5, and JavaScript that meet accessibility and web browser standards for the website. Optimized the application for speed and scalability with page load times less than ~2 seconds.
December 2019	**website designer - developer,** *The Website for Personal Training Services Provider - Fitness Designs* ⬈ Designed, developed, and hosted this 52-page, all-device fully responsive website Successfully optimized this website for speed and SEO which improved page rank by ~75%. Performed the duty of fixing the technical issues related to the design and programming of this website. Consistently developing this website by adding more content and improving SEO metrics, as well as a social media presence.

Hobbies & Interests

- Web Development - always try to listen to weekly podcasts with the latest Front-end development news and talks.
- Hi-Tech news in general. New revolutionary gadget coming out? I have to know everything about it.
- I enjoy learning new languages and cultures, keeping up with current events, and travelling. Currently fluent in 4 languages, English, Lithuanian, Spanish, and Russian, with a keen interest in learning Portuguese and German.
